# KNAPHEIDE LANDSCAPER BODIES

## PLATFORM UNDERSTRUCTURE

All platform bodies are constructed with structural long sill and cross sill understructure.

\*Not shown - All bodies are undercoated to provide an extra layer of protection.

## LANDSCAPER BODIES

The function and versatility of the Knapheide Landscaper Body is specifically designed for the needs of the landscape contractor. Built with the quality and strength of a Knapheide Platform Body, the versatile Landscaper Body has everything you need to get the job done.

\*Cubic yard capacity based on a water level non-diminishing load, as the hoist must raise both the body and the commodities. Check the commodity material weights in the NTEA Truck Equipment Handbook to eliminate overloading of the hoist and the GVWR and GAWR of the chassis. Contact your Knapheide distributor for additional assistance.

FEATURES NOT SHOWN

**CLEARANCE LIGHTS WITH AUTOMOTIVE WIRE HARNESS**  
provide trouble free service

**WATER-BASED UNDERCOATING**  
on underside of platform

**FLOOR ASSEMBLY —**  
10-gauge high strength steel floor plate with 10-gauge formed cross sills and 5" structural long sills

**ELECTRODEPOSITION PRIME-PAINT SYSTEM**  
provides superior corrosion resistance

- All Hoist and Landscaper Body combinations are set at 50 degree dump angle
- Landscaper Hoists are Double Acting, power up and power down
- ED = 12 Volt electric pump with pendent switch control

- Curb side - tool storage compartment (24"Wx74"Dx63"H or 70"H or 73"H. 63" has 2 shelves and both 70"H and 73"H have 3 shelves) and a pull out bin
- Pull Out Bin extends 48" with punched sides and floor for easy clean out (19.5"W X 71"D X 10"H) with three point lockable compartment door

# COMMITMENT TO CORROSION RESISTANCE

Corrosion won't be a concern when you buy quality Knapheide products. To give you the best corrosion protection, we utilize a state-of-the-art, custom-designed, 12-step, SST cathodic electrodeposition finishing system, called "E-Coat."

It bonds prime paint to steel by an electroplating process to give you a superior coat of primer, resulting in better corrosion protection compared to spraying methods.

This system allows us to create products with the highest level of corrosion resistance available.

## NEVER SETTLE

If you are going to be a leader, it takes more than building a high-quality product. It means never being totally satisfied with that product, no matter how high quality it may be. It requires constant vigilance and a willingness to take a chance on something new. And it means exceeding expectations every time. As the industry changes, one thing never will—our commitment to making customers like you as productive and efficient as possible. We know you don't settle, and we don't either. That's why we want you never to settle for anything less than Knapheide on the back of your truck.

**KNAPHEIDE. NEVER SETTLE.**
